

## V-Rooms Insider

September 2013 Edition

### V-Rooms Webinar: Understanding Capital Raise Updates

NEW

## ASG Securities, Inc.

Michael Fugler and Michael Scillia, owners of ASG Securities Inc., will cover 3 crucial topics for all issuers, investors, brokers and RIA's.

1) Advertising and General Solicitation: Who are the Guinea Pigs going to be? What procedures can you rely on now and what are you throwing darts at? Learn more about how the advertising and general solicitation rules may affect you.

2) Accredited Investor ("AI") RE-Definition: Yes, the 3 years is up and the SEC has to redefine. Who should be an Accredited Investor and who shouldn't?

3) REG A: REG A Trading Platforms – Why are they needed and what do they accomplish?

The webinar will be at 12:30pm Central Time on September 25th. [Click here](#) to register for this informative event.

### V-Rooms Used To Raise Over \$1 Billion

V-Rooms™ announced that their online virtual data room program has helped private corporations raise more than \$1 billion from accredited and institutional investors.

These investments have been made via Private Placement Memoranda (PPM), which must adhere to strict SEC and FINRA regulatory guidelines. Click [here](#) to read more.

## Solution of the Month

### Post Merger/Acquisition Integration

As one of our clients recently stated, "Although the initial purpose for our use of the data room was to support the due diligence efforts of the buyer who purchased our company over a year ago, we have since used the V-Room during the post-merger integration phase, since key documents and information were already assembled in a central repository."

The ability to share and track confidential information has a place in every organization. Click here to start a free [7 Day Trial](#).
